

How to Set Up Your Profile:

Step-by-Step Guide to Setting Up Your B2B Mineral Profile

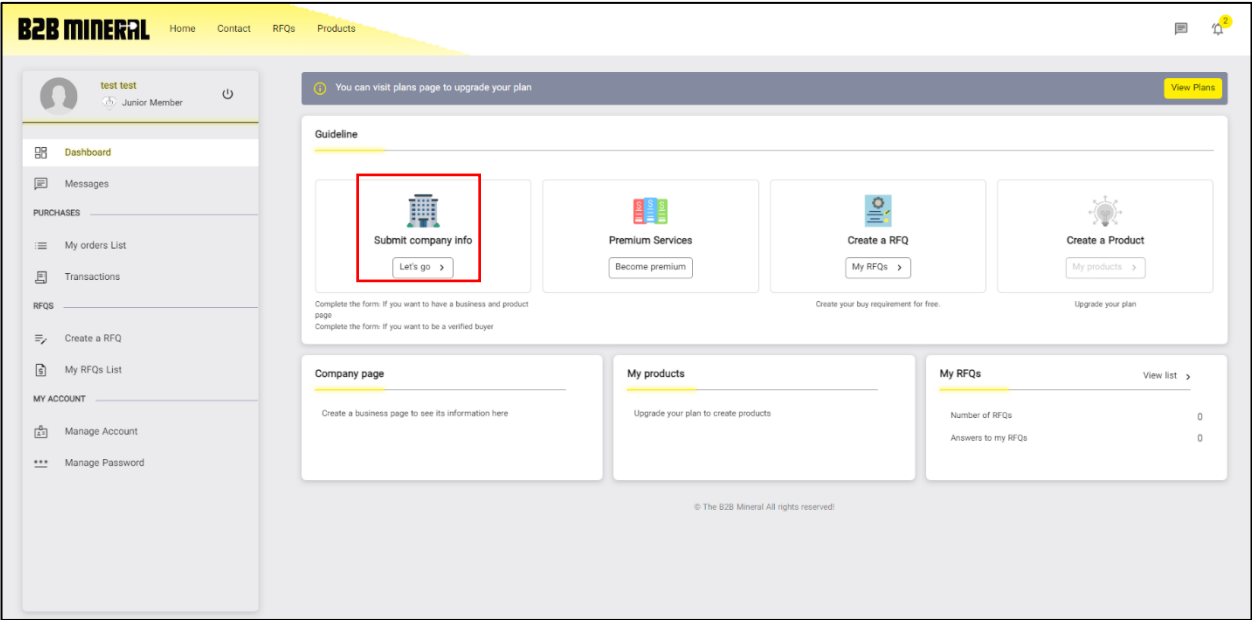

Step 1: Log In to Your Account

Once you’ve registered on B2B Mineral, log in to your account

Step 2: Access the Profile Setup Section

From your dashboard, navigate to the Submit Company Info section. This is the hub for setting up your business profile and managing your details.

Step 3: Add Key Business Information

Ensure you provide accurate and complete details for a professional and trustworthy profile.
